ARMY, NAVY BILLS BOTH CAUSE SPLIT ON CERTAIN POINTS

Two Sets of Conferees Unable to Agree on Specific Provisions

NAVAL BUILDING PROGRAM ISSUE TO BE FOUGHT OUT

Lower Body Unwilling to Authorize Large Expenditures Senate Recommends

(Associated Press by Federal Wireless)
WASHINGTON, D. C., Aug. 7.—Deadlock of conferees upon both army and navy appropriation bills was assured this afternoon when the house and senate conferees upon the navy bill voted to report a disagreement on the measure before them, following the action of the army conferees earlier in the day.

The house and senate committees on the naval appropriations could not agree upon the navy building program or the personnel section which the senate approved, with a large increase over the house authorization. They agreed on all other provisions.

WASHINGTON, D. C., Aug. 7.—Compromise has been reached by the house and senate conferees upon the amounts appropriated under the new army appropriations bill, but on one point the conferees have split wide apart.

The war department request for consideration of the Hay amendment exempting retired officers and enlisted men from the military criminal code is the point on which the house conferees refuse to yield.

Senator Chamberlain, chairman of the senate military affairs committee, today submitted to the senate the report of the conference committee, with the disagreement over this provision. As the bill is reported from conference, it carries \$267,597,000 for the reorganized regular army and national guard organizations for the coming year.

The senate's original appropriation was \$312,970,000, while the house had agreed to appropriate \$182,000,000.

WAR RISK BUREAU TO CONTINUE OPERATIONS PROBABLY ANOTHER YEAR

WASHINGTON, D. C., Aug. 7.—The senate has extended the war-risk insurance legislation to September 3, 1917. The house previously passed the bill, which has become necessary owing to the early expiration of the period originally fixed for the operation of the government war risk bureau.

Army Major Shot In Texas Colonel Before Death Came

Maj. Matthew C. Butler's Promotion Confirmed; Increased Pension for Widow

(Associated Press by Federal Wireless)
WASHINGTON, D. C., Aug. 7.—The fact has become known in Washington that Maj. Matthew C. Butler, 6th Cavalry, who was shot and killed by H. J. Spannall, hotel keeper of Alpine, Texas, a few weeks ago, died a lieutenant-colonel. His nomination for the promotion was confirmed before his death but the commission was not forwarded.

Last Saturday the senate passed a bill authorizing the dating of his commission from July 1, which increases the amount of the pension his widow will receive.

CITY MATERNITY CASES PROBABLY GO TO QUEEN'S

At a conference with President George W. Smith and Superintendent Werner Roehl of the Queen's hospital this morning, at which Dr. Wayson, city and county physician, was present, the health committee unanimously decided to recommend to the board of supervisors that an agreement between the city and county and the hospital will accept all indigent maternity cases at the rate of \$2.50 a day, giving them the usual "ward" treatment and attendance.

Initiative of this deal did not come from the Queen's hospital but from Dr. Wayson, when the Kaplanian maternity home had informed him that indigent cases would henceforth be charged \$3.50 a day—an advance of one dollar—the reason given being the increase in the cost of maintenance of patients.

At the same time the Queen's hospital trustees were glad to negotiate for such an arrangement, as they had decided to round out the efficiency of that institution with a lying-in department. One of their impelling reasons for the new departure is the desirability of giving the class of nurses in training the benefit of practice in this particular branch of nursing.

Unionists Claim 1800 Out But Officials Say Not More Than 200

(Associated Press by Federal Wireless)

NEW YORK, N. Y., Aug. 7.—Efforts of Mayor John Purroy Mitchell, Public Service Commissioner Straus and other public officials to end the New York street railway employees' strike have failed. The directors of the New York street railways have refused to ratify the tentative agreement proposed by Mitchell and Straus as a basis of settlement.

PHILADELPHIA, Pa., Aug. 7.—A strike of street railway employees was called today and many cars are running with strike-breakers as crews. Henry Flynn, president of the local union of carmen, said that 1800 men have struck, but these figures are declared by company officials to be absurd. They say that only 100 to 200 have quit and that the others are sticking to their jobs.

VON HINDENBURG GETS BIG ARMY

Gen. von Hindenburg, the hero of the Marnian marsh combats early in the war, has been given a larger measure of command of Teuton operations on the east front, according to an official German cablegram. The cablegram says: "During the recent presence of the German emperor on the east front, by agreement with Emperor Francis Joseph of Austria, arrangement was made to establish the command according to the new situation created by the Russian offensive. Several allied army groups were put under Hindenburg's chief command for systematic use."

AGONY OVER! RESIGNATION OF JUDGE STUART CERTAIN!

Senator Shafroth Delivers to President Much-Desired Communication Wherein Jurist Says He is Quitting Bench—And There is No Doubt About Its Acceptance

(Special Star-Bulletin Cable)
WASHINGTON, D. C., Aug. 7.—The agony is over! Circuit Judge Thomas B. Stuart's resignation, which has been sought by department of justice officials for some time, is in the president's hands.

It was taken to the White House this morning and delivered by Senator Shafroth of Colorado, who has had possession of it since Judge Stuart was here and wrote the "personal" letter to the president attacking Secretary Lane, Attorney-General Gregory and Governor Pinkham. Officials of the administration said today that the resignation would be immediately accepted.

C. S. ALBERT.
The Associated Press in a despatch today also announces that the Stuart resignation is in the president's hands and will be "accepted immediately." Ever since Judge Stuart wrote the "personal" letter to the president, publication of which in the Star-Bulletin showed the virulence of the judge's attack, there has been no doubt that the resignation would be accepted as soon as White House or department of justice officials could get hold of it. For the past month it has been understood to be in possession of Senator Shafroth of Colorado, who twice previously stopped similar letters and returned them to Judge Stuart. Indications recently have been that Attorney James L. Coke would be appointed in Judge Stuart's place. Coke's resignation as territorial senator is understood to have cleared the way for his appointment.

SOLDIERS' HOME MAY CLAIM T. B. STUART, REPORT

Friend From Here Says Judge Gave Him This Information Prior to Departing

If he is not already there, Circuit Judge Thomas B. Stuart, writer of the now famous "personal" letter to President Wilson, intends to enter the old soldiers' home at Hollywood, Cal., if what he told a local Democrat prior to leaving Honolulu is authentic. This Democrat, who was a close personal friend of the judge, says that the Hollywood secret, if it be a secret, was made known to him a few days before Judge Stuart sailed away with the rest of the Hawaiian delegation to the Bourbon convention.

"The judge did not say why he was going there; he just told me he was seriously considering entering the home, and that is all I know," the Bourbon adds.

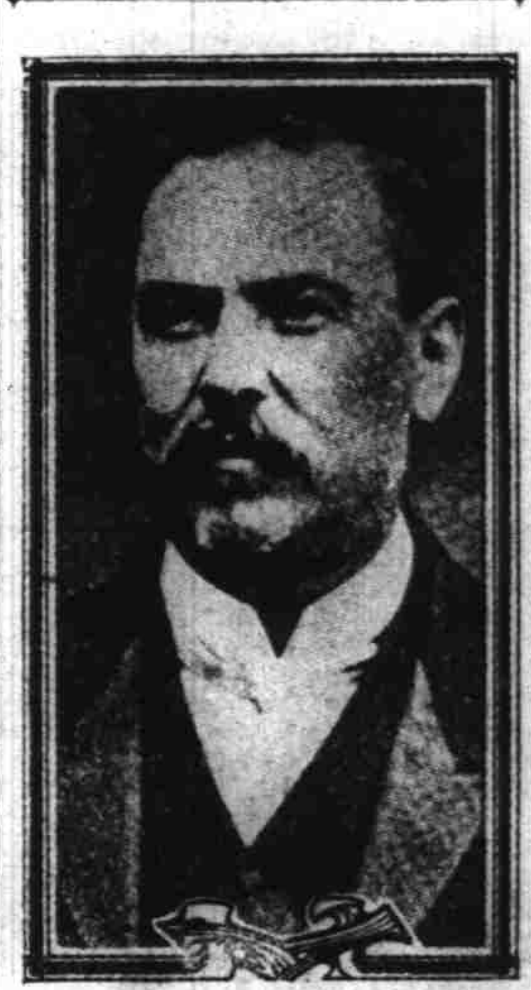

The Star-Bulletin was informed recently that Judge Stuart had ideas of this nature in mind, but confirmation of the report could not be obtained. Democratic friends of Judge Stuart claim that he is independently well-off as are a number of the inmates of the Hollywood home. Whether Judge Stuart will ever come back to Honolulu to look after his homestead on windward Oahu is still a matter of conjecture, even among those who claim to be posted on his whereabouts and intentions.

Last German Colony Going

Premier Botha Witness at Conquest of East Africa; Defenders Driven Far Off

GEN. LOUIS BOTHA

(Associated Press by Federal Wireless)
LONDON, England, Aug. 7.—News has reached here that Gen. Louis Botha, now premier of the Union of South Africa, has arrived in German East Africa to witness what, it is believed, will be the last phase of the British operations against Germany's one remaining colony, that on this continent. The Germans have been driven from the line of the central railway at Kilimanjaro and are now being pursued in the broken interior, where they are carrying on a bush warfare. When these German troops are conquered, Germany's last overseas colony and possession will be in the hands of the Entente Allies.

LONDON, England, Aug. 7.—Another victory has been won by the British operating in the northeastern section of German East Africa, where German troops, augmented by some natives, continue to hold out. The British have occupied Muheza and Amani and captured the whole of the Usambara railway.

GERMAN REPORTS DENY LOSSES AS ENTENTE CLAIMS

Official Cablegrams Give Details of Fighting Late Last Week

FRIDAY'S REPORT.
GERMAN HEADQUARTERS, Aug. 4.—Artillery duels in north Ancre reached to high intensity again today. Between Ancre and Somme, battle continued unbroken. Strong enemy attacks north of Ovillers, south of Courcelette, north of Farm Mouquet and a night attack were repulsed. In the evening the French succeeded in occupying our positions near Mourmoy and south of Thiaumont. This morning, by counter attacks, the whole village of Fleury, trenches west and northwest were reconquered by us. Enemy's attacks northwest of Thiaumont and against our positions in Chapelle and Mountain Wood, were repulsed with large losses. The situation was re-established as before. The French carried out their attacks with extraordinarily strong forces. Lieut. Mulzer, near Lens, has shot down his ninth aeroplane. Near Beaumont, Lieut. Frankl on August 2 shot down his sixth aeroplane. An enemy biplane in Peronne, on August 1, another southwest of Arras, and still another in Lyons were disabled by our flyers. Our anti-aircraft guns shot down a hostile aeroplane in Berles au Bois and another in Namur, out of a squadron which attacked Namur, causing insignificant damage. Hindenburg's army report: Northwest of Postavy our fire forced the enemy to evacuate salient trenches in the vicinity of Spigla. Attacks against our field guards were repulsed. Lively land and sea combats in Serwetka and east of Gorodishche in Shashara, southwest of Baranovitch and strong attacks near Lubiezov again failed.

Violent combats in the sectors of Stovitz and Vielick. The enemy penetrated the village of Rudakivka and connecting trenches. Counter attacks by German and Austro-Hungarian battalions and by certain parts of Polish legion completely reconquered lost terrain. Three hundred were repulsed.

Petrograd and Other Entente Capitals Deny Teutons Are Succeeding

(Associated Press by Federal Wireless)
MACHIASPORT, Maine, Aug. 7.—An unidentified submarine was sighted today off Cross Island. It was west bound. The craft was seen on the surface for 15 minutes and then submerged. U. S. authorities say there is no American submarine in this vicinity. It is thought perhaps this is the Bremen, and also rumored it is the Deutschland. Later the lookout said the first.

Cross Island is off Machias Bay, near the northernmost tip of the state he saw a second, smaller than Maine coast.

(Associated Press by Federal Wireless)
LONDON, Eng., Aug. 7.—After the battle of Romani late last week, in which 14,000 Turks were repelled when they attempted to cut forward to the canal, the British troops were ordered out into the Katia basin, east of Suez, and for two days have been operating against the Ottoman, who are partly offered by Germans. The basin and surrounding desert have been cleared of the Turks, of whom 3145 have been captured. Seventy Germans were taken with them.

Military experts are unable to fathom why the Turks ventured to attack this spot, unless they were misled concerning the defenses of the canal.

At last reports the British and French had an army of nearly 100,000 men along the canal itself and a much larger force in Egypt, much of it available for operations along the canal. The force distributed along the canal consisted of 35,000 Australians and New Zealanders, 8000 British regulars, 10,000 English territorials, 20,000 Indians and several thousand tribesmen under the French. The British have defended the canal not only by extensive field works but by warships with big guns, which have proved a terror to the attackers.

GERMANS BEGIN HEAVY BOMBARDMENT ON WEST

(Associated Press by Federal Wireless)
LONDON, Eng., Aug. 7.—Several minor German counter attacks have been repulsed by the British east of Pozieres. The Germans today began a heavy bombardment of positions between Ancre and the Somme river.

GERMANS RECAPTURE GROUND, BOTH FRONTS

BERLIN, Germany, Aug. 7.—The Germans have taken the offensive and have recaptured a portion of a trench taken by the British near Pozieres.

On the east front further German successes are being won. In the Carpathians the Germans have gained in the Platt region and also on Deeskowata heights.

FRENCH REPULSE TWO NEW GERMAN MOVEMENTS

PARIS, France, Aug. 7.—The Germans made attacks today at Thiaumont and in Chapitte woods but were repulsed at each place.

PETROGRAD SAYS SLAVS STILL GAINING TERRAIN

PETROGRAD, Russia, Aug. 7.—The Russians made substantial gains today along the Stockhod river. Fortified positions in the region of the Villages of Zvyin, Kostiniec and Renuv have been taken and places along the Stockhod held against German attacks. The Germans took the offensive but were repulsed.
